Scotland's National Forest Estate is responsibly managed to the UK Woodland Assurance Standard.

Reservoir is a popular fishing destination. Access is not through forest block.

Majority of forest drains directly into Glen Sherup reservoir - a public drinking water resource.

Block is sandwiched between two large native woodland restoration schemes of upland birch and juniper scrub.

Public carpark is shared with Woodland Trust.

Unofficial mountain bike trails identified in north end of block.

Evidence of medieval field enclosures. Unscheduled monument.

Remains of C19th sheepfold. Unscheduled monument.

Core path links to popular routes in Glen Quey, and over Innerdownie hill and beyond.

Significant areas of steep ground within the block.

C19th square sheepfold. Unscheduled monument.

Large area of open hill above the current tree line.
