

Certificate of Permission for Tree Felling

This is to certify that tree felling within

Plan Reference: LMP 01-2020

Plan Name: Ardgartan

*has been granted permission by Scottish Forestry under
section 27 of the Forestry and Land Management (Scotland)
Act 2018.*

*This certificate is valid only for the felling indicated in the
approved Plan, which bears the same reference number as
this Felling Permission, from the time of issue to the Plan
expiry date.*

Signed

.....
For Scottish Forestry

Date signed 02/02/2021

Plan expiry 02/02/2031

Additional Notes

1. Where the Plan does not specify restocking work, this felling permission unconditionally approves the felling work on that part of the land.
2. If a Tree Preservation Order is placed on any of the trees after this felling permission is issued, the consent of the Local Authority must be obtained before they are felled.
3. Others involved with the felling should be told about this felling permission e.g. by giving a copy of the permission and map to the person felling the trees. If the land is sold, the new owner should also be told about this felling permission.
4. Please refer to the agreed routes for timber haulage. The agreed routes map can be viewed on the Timber Transport Forum website (<http://timbertransportforum.org.uk/>). As many routes are subject to consultation or restrictions you should discuss and agree your haulage plans (routes and volumes) with the Local Authority in advance of commencing operations.
5. Under the Nature Conservation (Scotland) Act 2004 as amended by the Wildlife and Natural Environment (Scotland) Act 2011, anyone planning, permitting or carrying out forest operations or other activities in woodlands should be aware of their wildlife protection responsibilities.
6. Under the Water Environment and Water Services (Scotland) Act 2003, anyone planning, permitting, or carrying out forest operations or other activities in woodlands should be aware of their responsibilities for the protection and improvement of water quality and aquatic ecosystems. See www.forestrywaterscotland.com for more information.
7. If you are to fell Larch within the *P. ramorum* Zone 1 (outside the Management Zone) or Zone 2 areas where you are within 10km of a known infection (which are indicated on the regularly updated map), you must contact your local Conservancy Office before you begin felling to find out if the stand needs to be inspected to confirm the presence or absence of *Phytophthora ramorum*. The inspection cannot be carried out until the trees are fully in needle.
8. Forestry can be dangerous. The Forest Industry is working together to raise the standards of health, safety and welfare in the work place. More information can be found at: www.ukfisa.com

UK Timber Regulation
Due Diligence checklist for timber grown in Great Britain

This document is intended to help meet the obligations placed on "operators" to undertake a risk assessment when placing timber or timber products on the market, as defined under UK legislation governing timber legality. It outlines the risk factors associated with timber grown in Great Britain (see overleaf).

The details of the timber species, timber volume etc. are listed on the Forest Plan.

Evidence of Lawful Harvesting

If the recipient of the felling permission, is felling the timber but not directly placing it on the market then the due diligence form must be passed to the agent or company who are doing so.

Forest Management Plan Ref Number	Date Approved
LMP 01-2020	02/02/2021

Name: Tom Davies Job Title: Senior Operations Manager Approval Date: 02/02/2021
For Scottish Forestry

Certification: If the timber is independently certified enter the certificate number below:

Additional Risk Factors: If there are any factors (not covered overleaf) that indicate a risk that the timber could be illegally harvested, enter these below with an explanation of how that risk has been mitigated.

Factor	Means of Mitigation

Declaration by the operator: I declare that the timber referred to above is grown in Great Britain. I have identified any additional risk factors and the action taken to mitigate that risk, and I have no reason to believe that there are further risks of the timber being illegal.

Signed:

Dated :
