

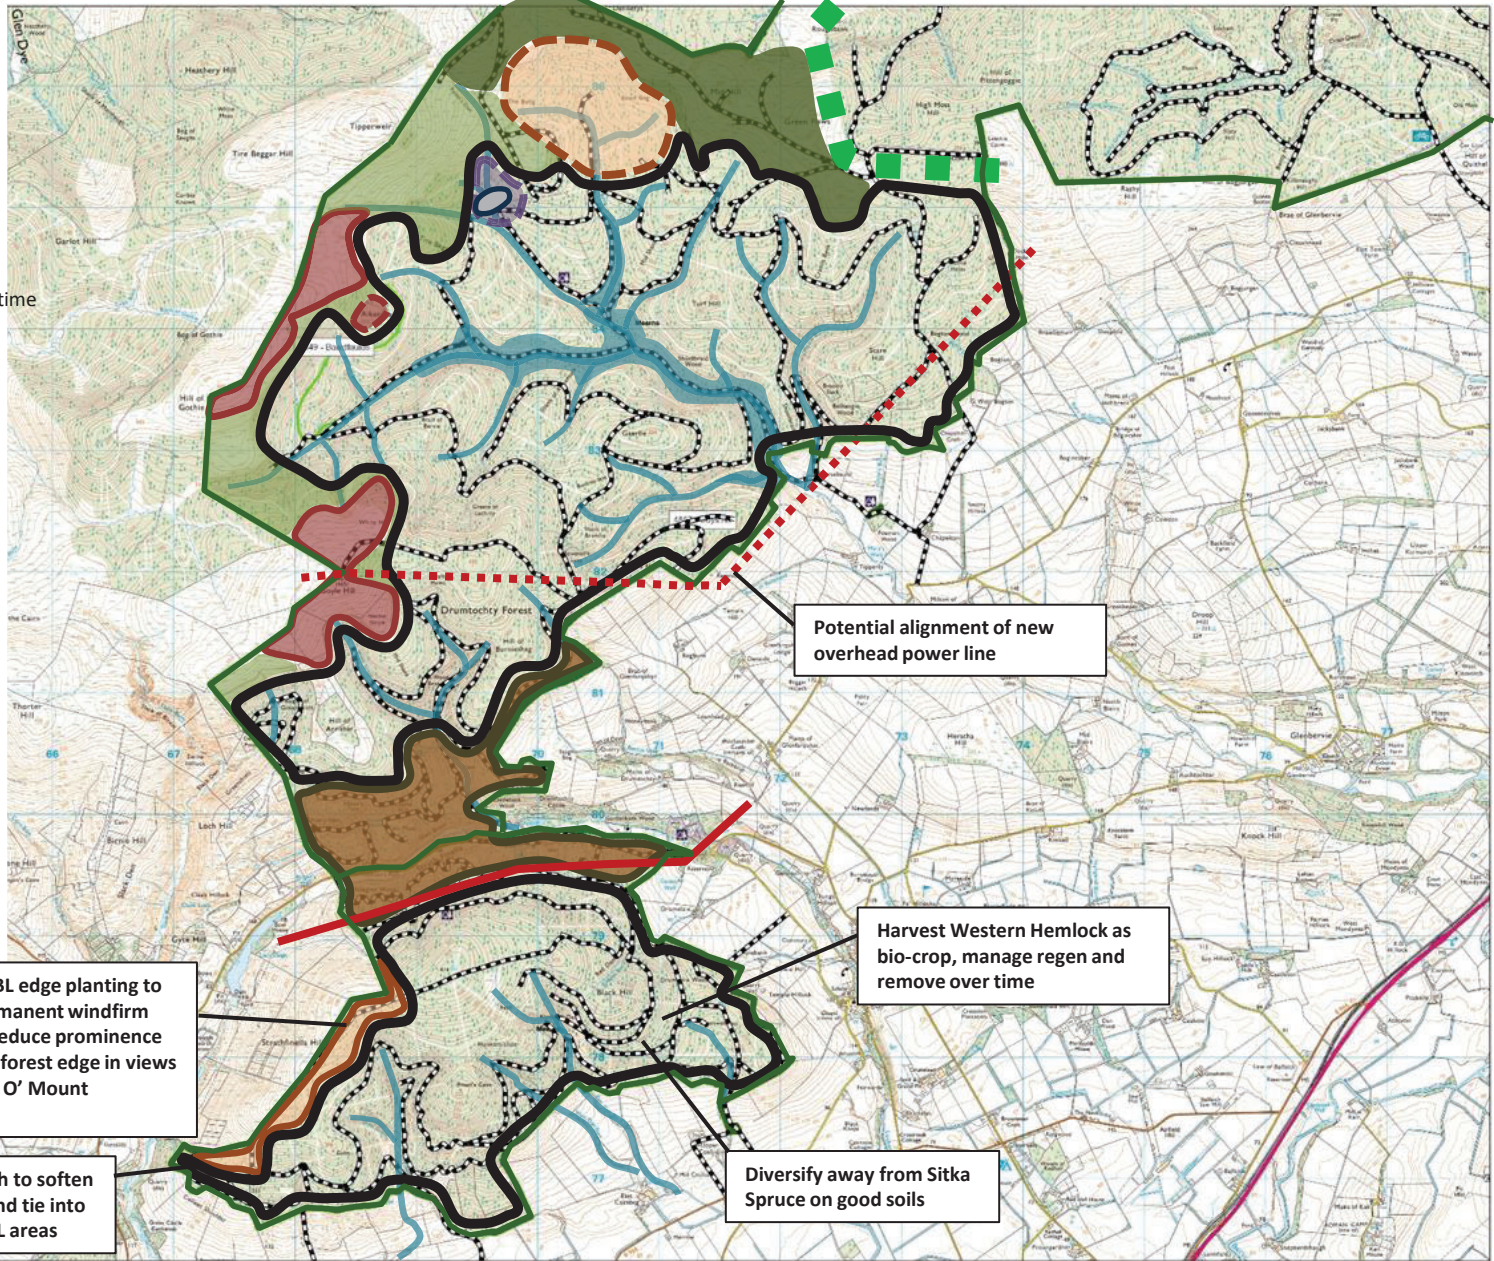

Map 3a Mearns (West): Concept 2025 - 2045

- Key**
- Block Boundary
 - Riparian Planting
 - Gas Pipelines and Wayleave
 - Existing Overhead Powerlines and Wayleave
 - Proposed Overhead Powerlines and Wayleave
 - Productive commercial forest with potential to diversify conifer mix over time
 - Gradual Transition towards PAWs and retain large conifers where possible
 - Proposed broadleaf
 - Transition to broadleaf and open land over time
 - Open Habitat
 - Open Habitat with Windfarm
 - Potential Peat Restoration
 - Broadleaf area
 - Mixed Riparian Planting with Open Land
 - Conifer/Broadleaf Mix

Potential alignment of new overhead power line

Harvest Western Hemlock as bio-crop, manage regen and remove over time

Diversify away from Sitka Spruce on good soils

Proposed BL edge planting to create permanent windfirm edge and reduce prominence of straight forest edge in views from Cairn O' Mount viewpoint

Retain larch to soften the edge and tie into adjacent BL areas
