

Appendix 3 – Historic Environment Records

Map ref	Designation	Name	Feature Description	Grid Reference	Importance	Area (ha)
1	Scheduled Monument	Newe's Craig Still	Designation reference: SM11469. The monument comprises a small, sunken hut interpreted as the site of an illicit still dating to the 18th or early 19th centuries. It is characteristically isolated and well concealed, in a small gully to the NW of the Deskry Water, and with a good supply of water.	NJ 36685 05757	National Importance	0.02
2	Scheduled Monument	Tulloch Cupmarks	Designation reference: SM11397. This monument is located immediately adjacent to our landholding. This monument is a large erratic boulder bearing cup-markings, enigmatic prehistoric symbols between 3500 and 5000 years old. It is situated in pasture just above the upper break-in-slope of a deep and wide river valley.	NJ 37578 11052	National Importance	0.01
