Dear Sirs

Asset Transfer Request – Coilhallan Wood, Callander

I am writing to confirm my support for Callander Community Development Trust's application for an Asset Transfer Request to purchase 83 hectares of Coilhallan Wood in Callander.

I support this application as I would like to see the woodland better managed for access, recreation, education and wildlife.

Callander Community Development Trust have an excellent track record managing assets for the communities benefit and they have the experience, dedicated and skilled volunteers and partnership support to manage this woodland and take their proposals forward.

Yours sincerely,
